SOLUTIONS

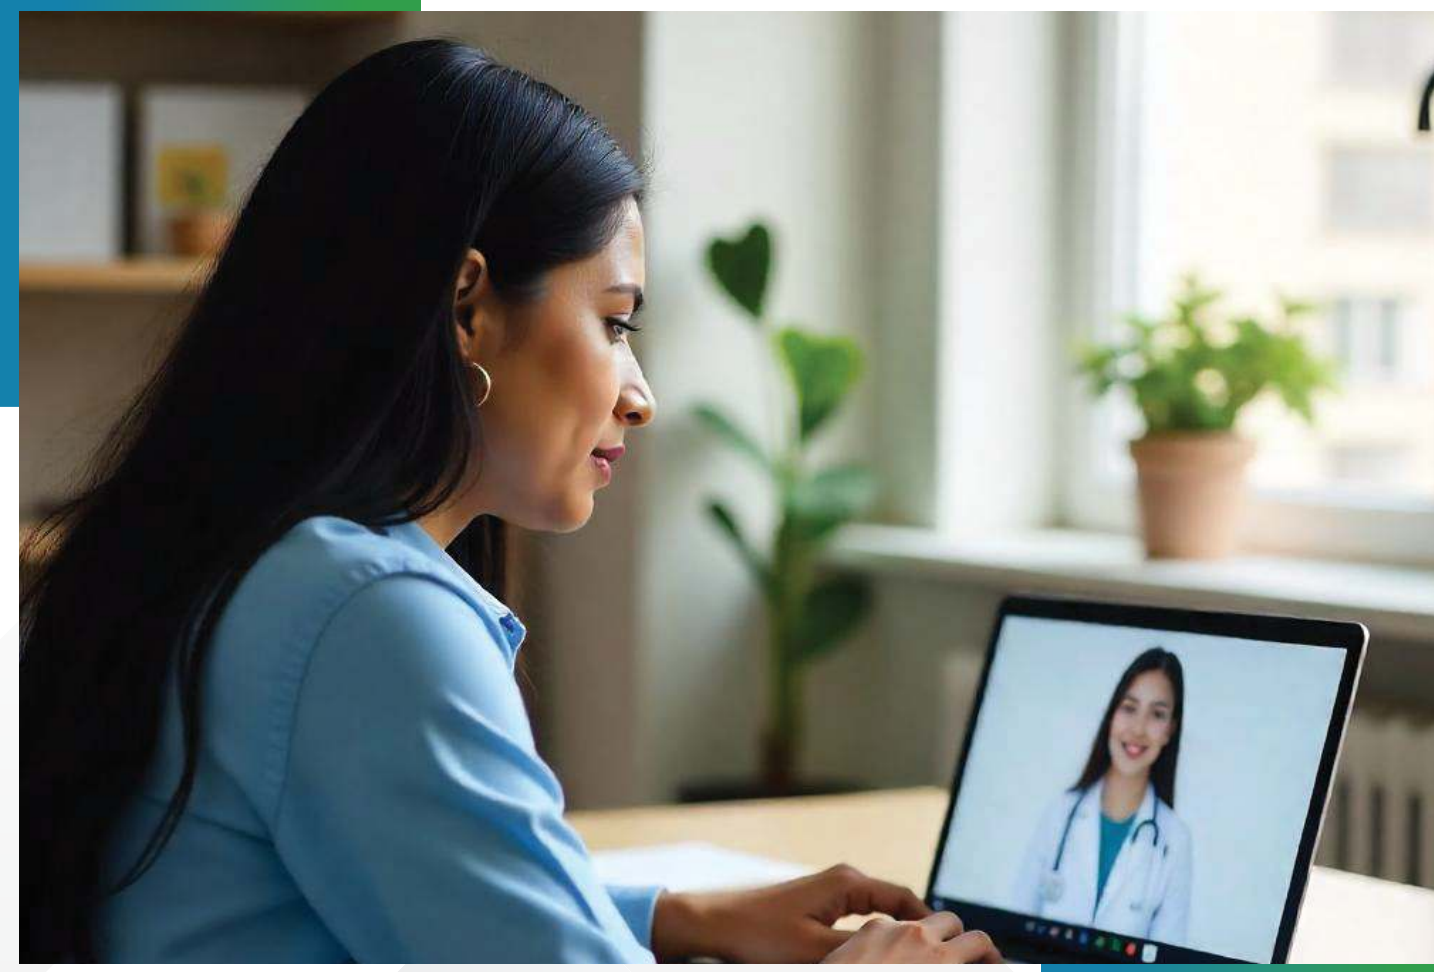

Family Doctor Plan

Mind Wellness Program

FAMILY DOCTOR PLAN

- ▶ Through this plan, employee and their immediate family can avail tele health consultations with our doctors from the comfort of home with out the need to travel to the clinic or hospital.
- ▶ This convenient approach provides peace of mind and reliable healthcare support.

Note: Everyone can register up to 8 family members for tele health consultations

MIND WELLNESS PROGRAM

- ▶ Emotional wellness is a cornerstone of overall health and productivity. Maintaining good emotional health helps manage stress, improve focus, and enhance job satisfaction. When employees feel positive, they will be more productive and resilient.
- ▶ Prioritizing mind wellness not only contributes to a healthier work environment but also supports personal growth and professional success. At One Care Connect, we believe that fostering emotional wellness is essential for both individual and organizational well-being.

Corporate Wellness

BENEFITS TO THE EMPLOYERS:

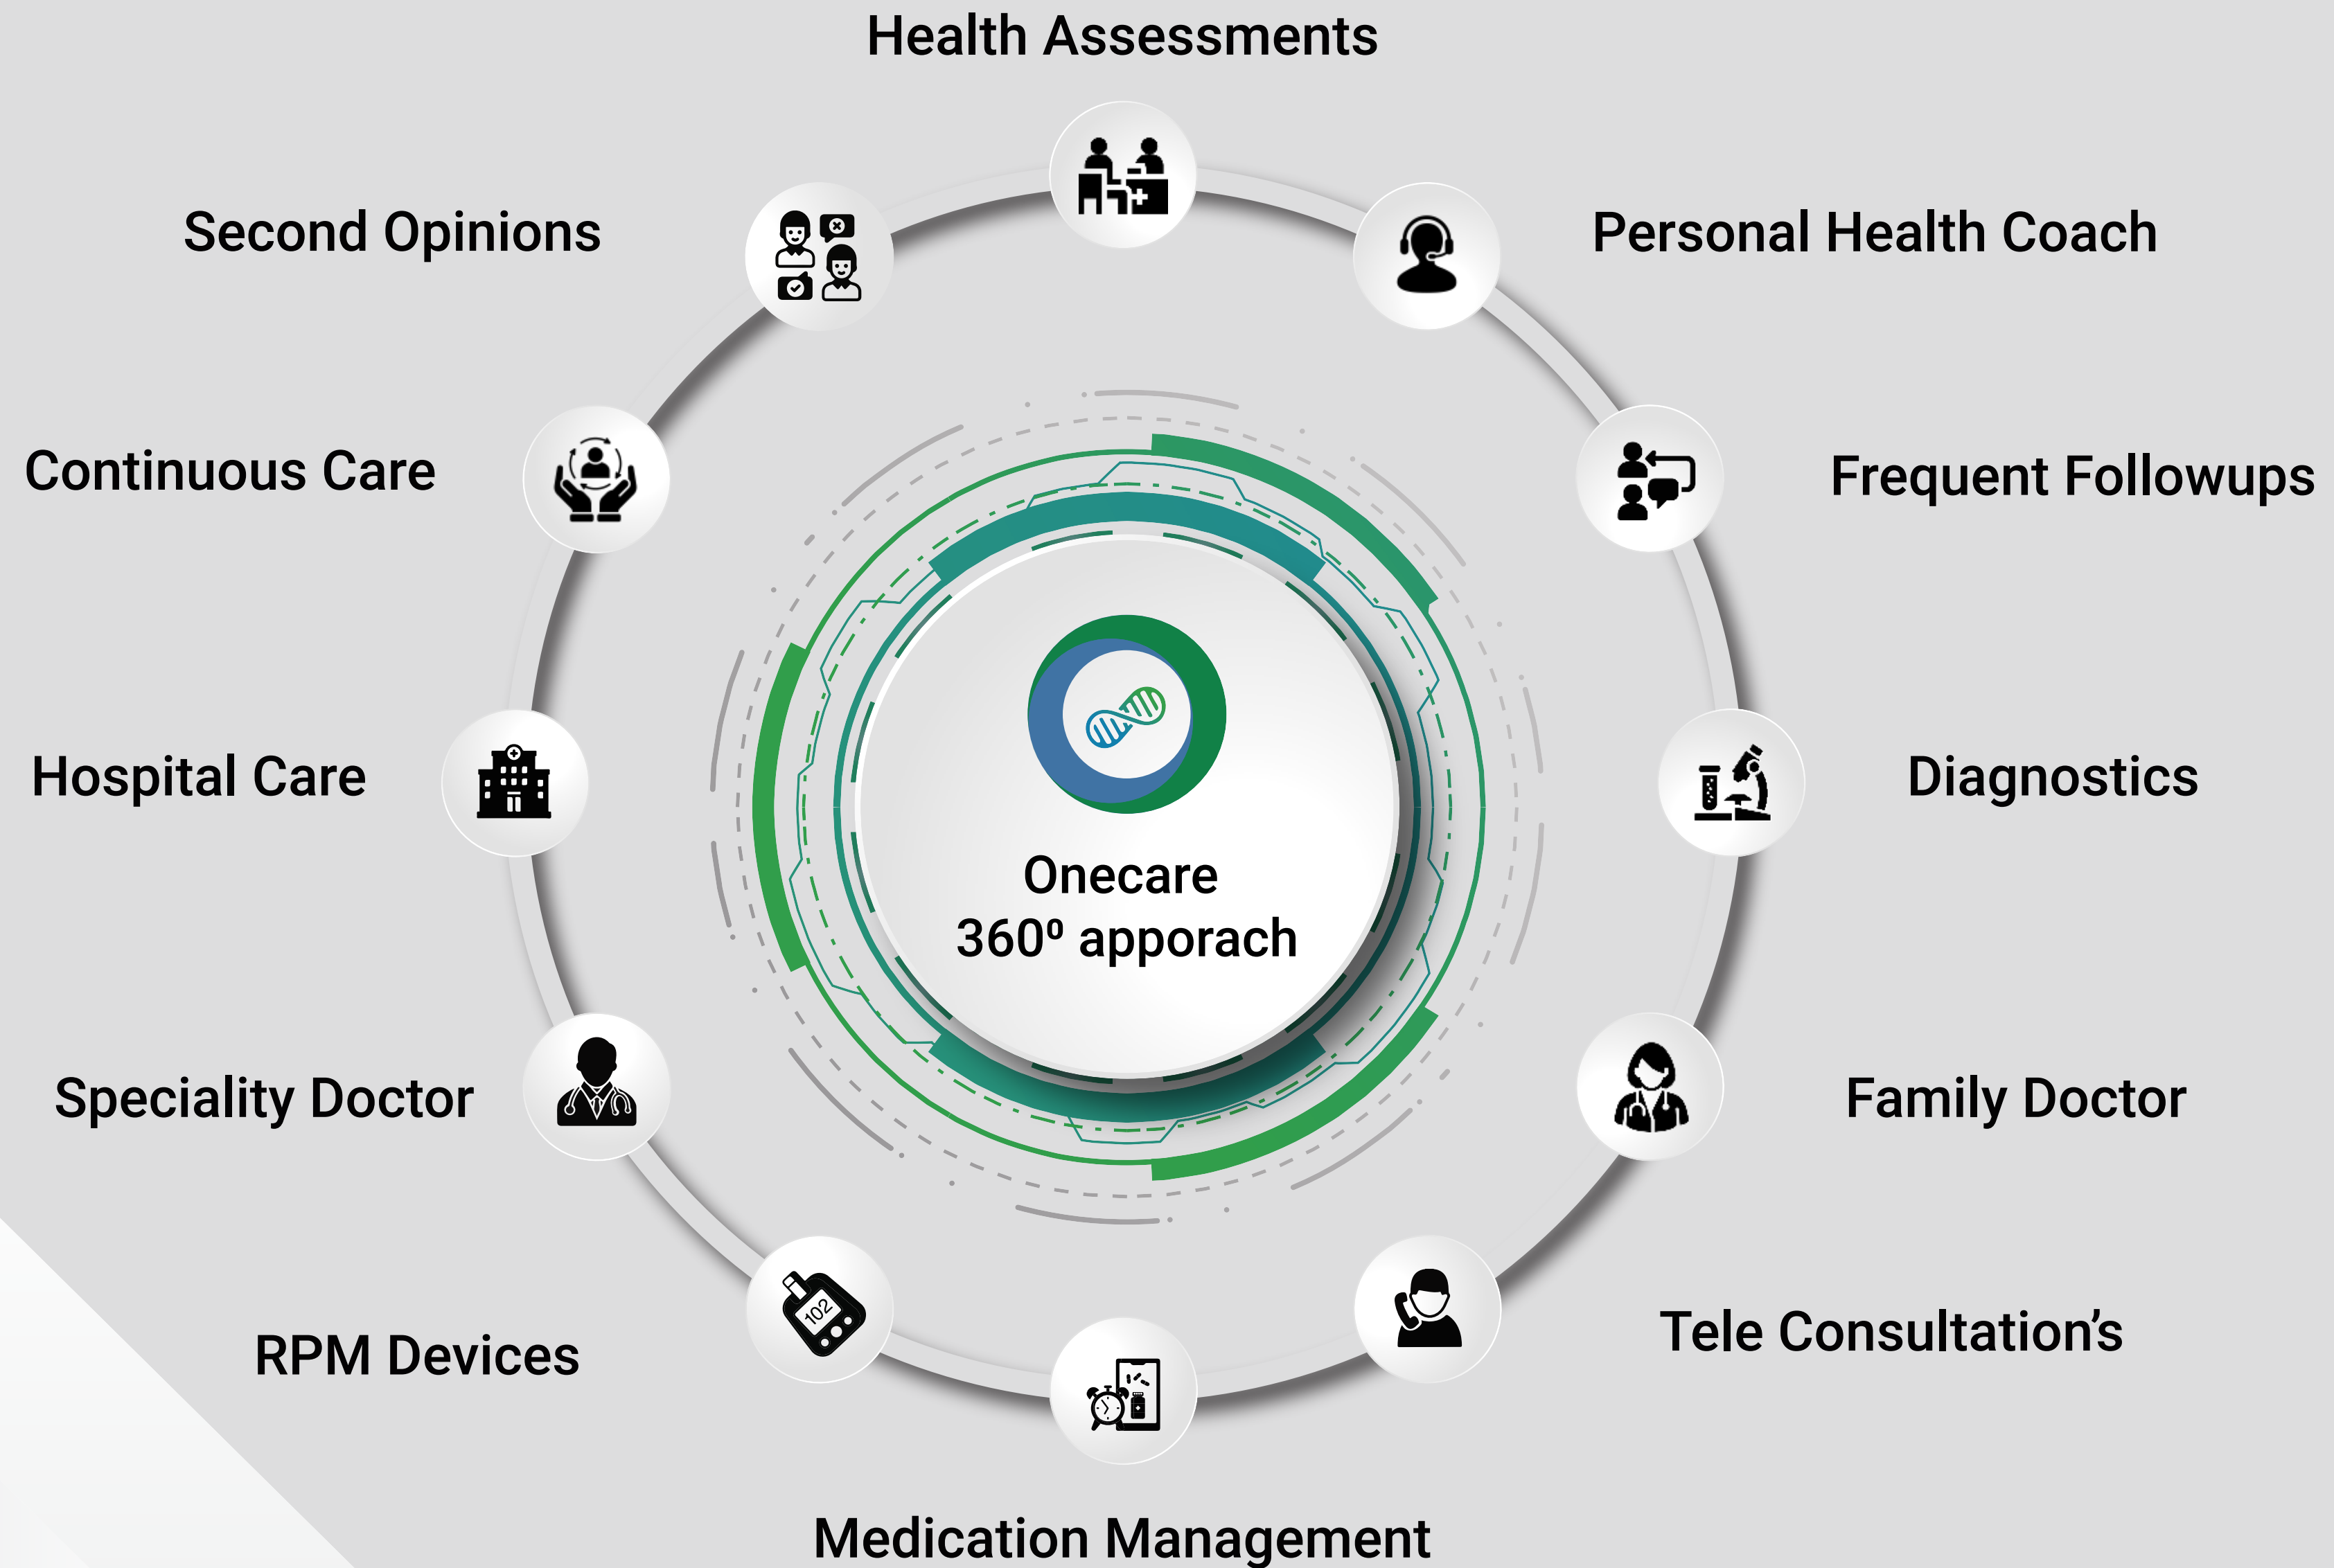

- ▶ **Time-Saving:** Allow employees to focus on their work by avoiding long hospital waits.
- ▶ **Reduced Absenteeism:** Employees can seek medical advice without taking full days off work.
- ▶ **Productivity and Lower Attrition Rate:** Providing teleconsultation services to employees helps reduce attrition rates by ensuring their health needs are met promptly, leading to increased productivity and overall job satisfaction.
- ▶ **Better Team Management:** With fewer health-related disruptions, teams can maintain steady workflow and collaboration.
- ▶ **Healthier Workplace:** We foster a supportive environment where employee wellness is a priority.

BENEFITS TO THE EMPLOYEES:

- ▶ **Convenience:** No need to travel; consultations can be done from home or the workplace.
- ▶ **Immediate Access to Care:** Quick consultations with healthcare professionals when needed.
- ▶ **Privacy:** Secure and confidential consultations from the comfort of their space.
- ▶ **Work-Life Balance:** Easily manage health without disrupting daily routines.
- ▶ **Peace of Mind:** Employees can easily access medical advice, reducing anxiety about health concerns.

Preventive & Personalised Care - Patient Outcomes

Early detection

Our comprehensive blood tests and screening programs help detect diseases at an early stage, enabling timely medical intervention. Early screening is crucial to identify conditions in their initial stages, improving outcomes and reducing healthcare burdens.

Personalized care

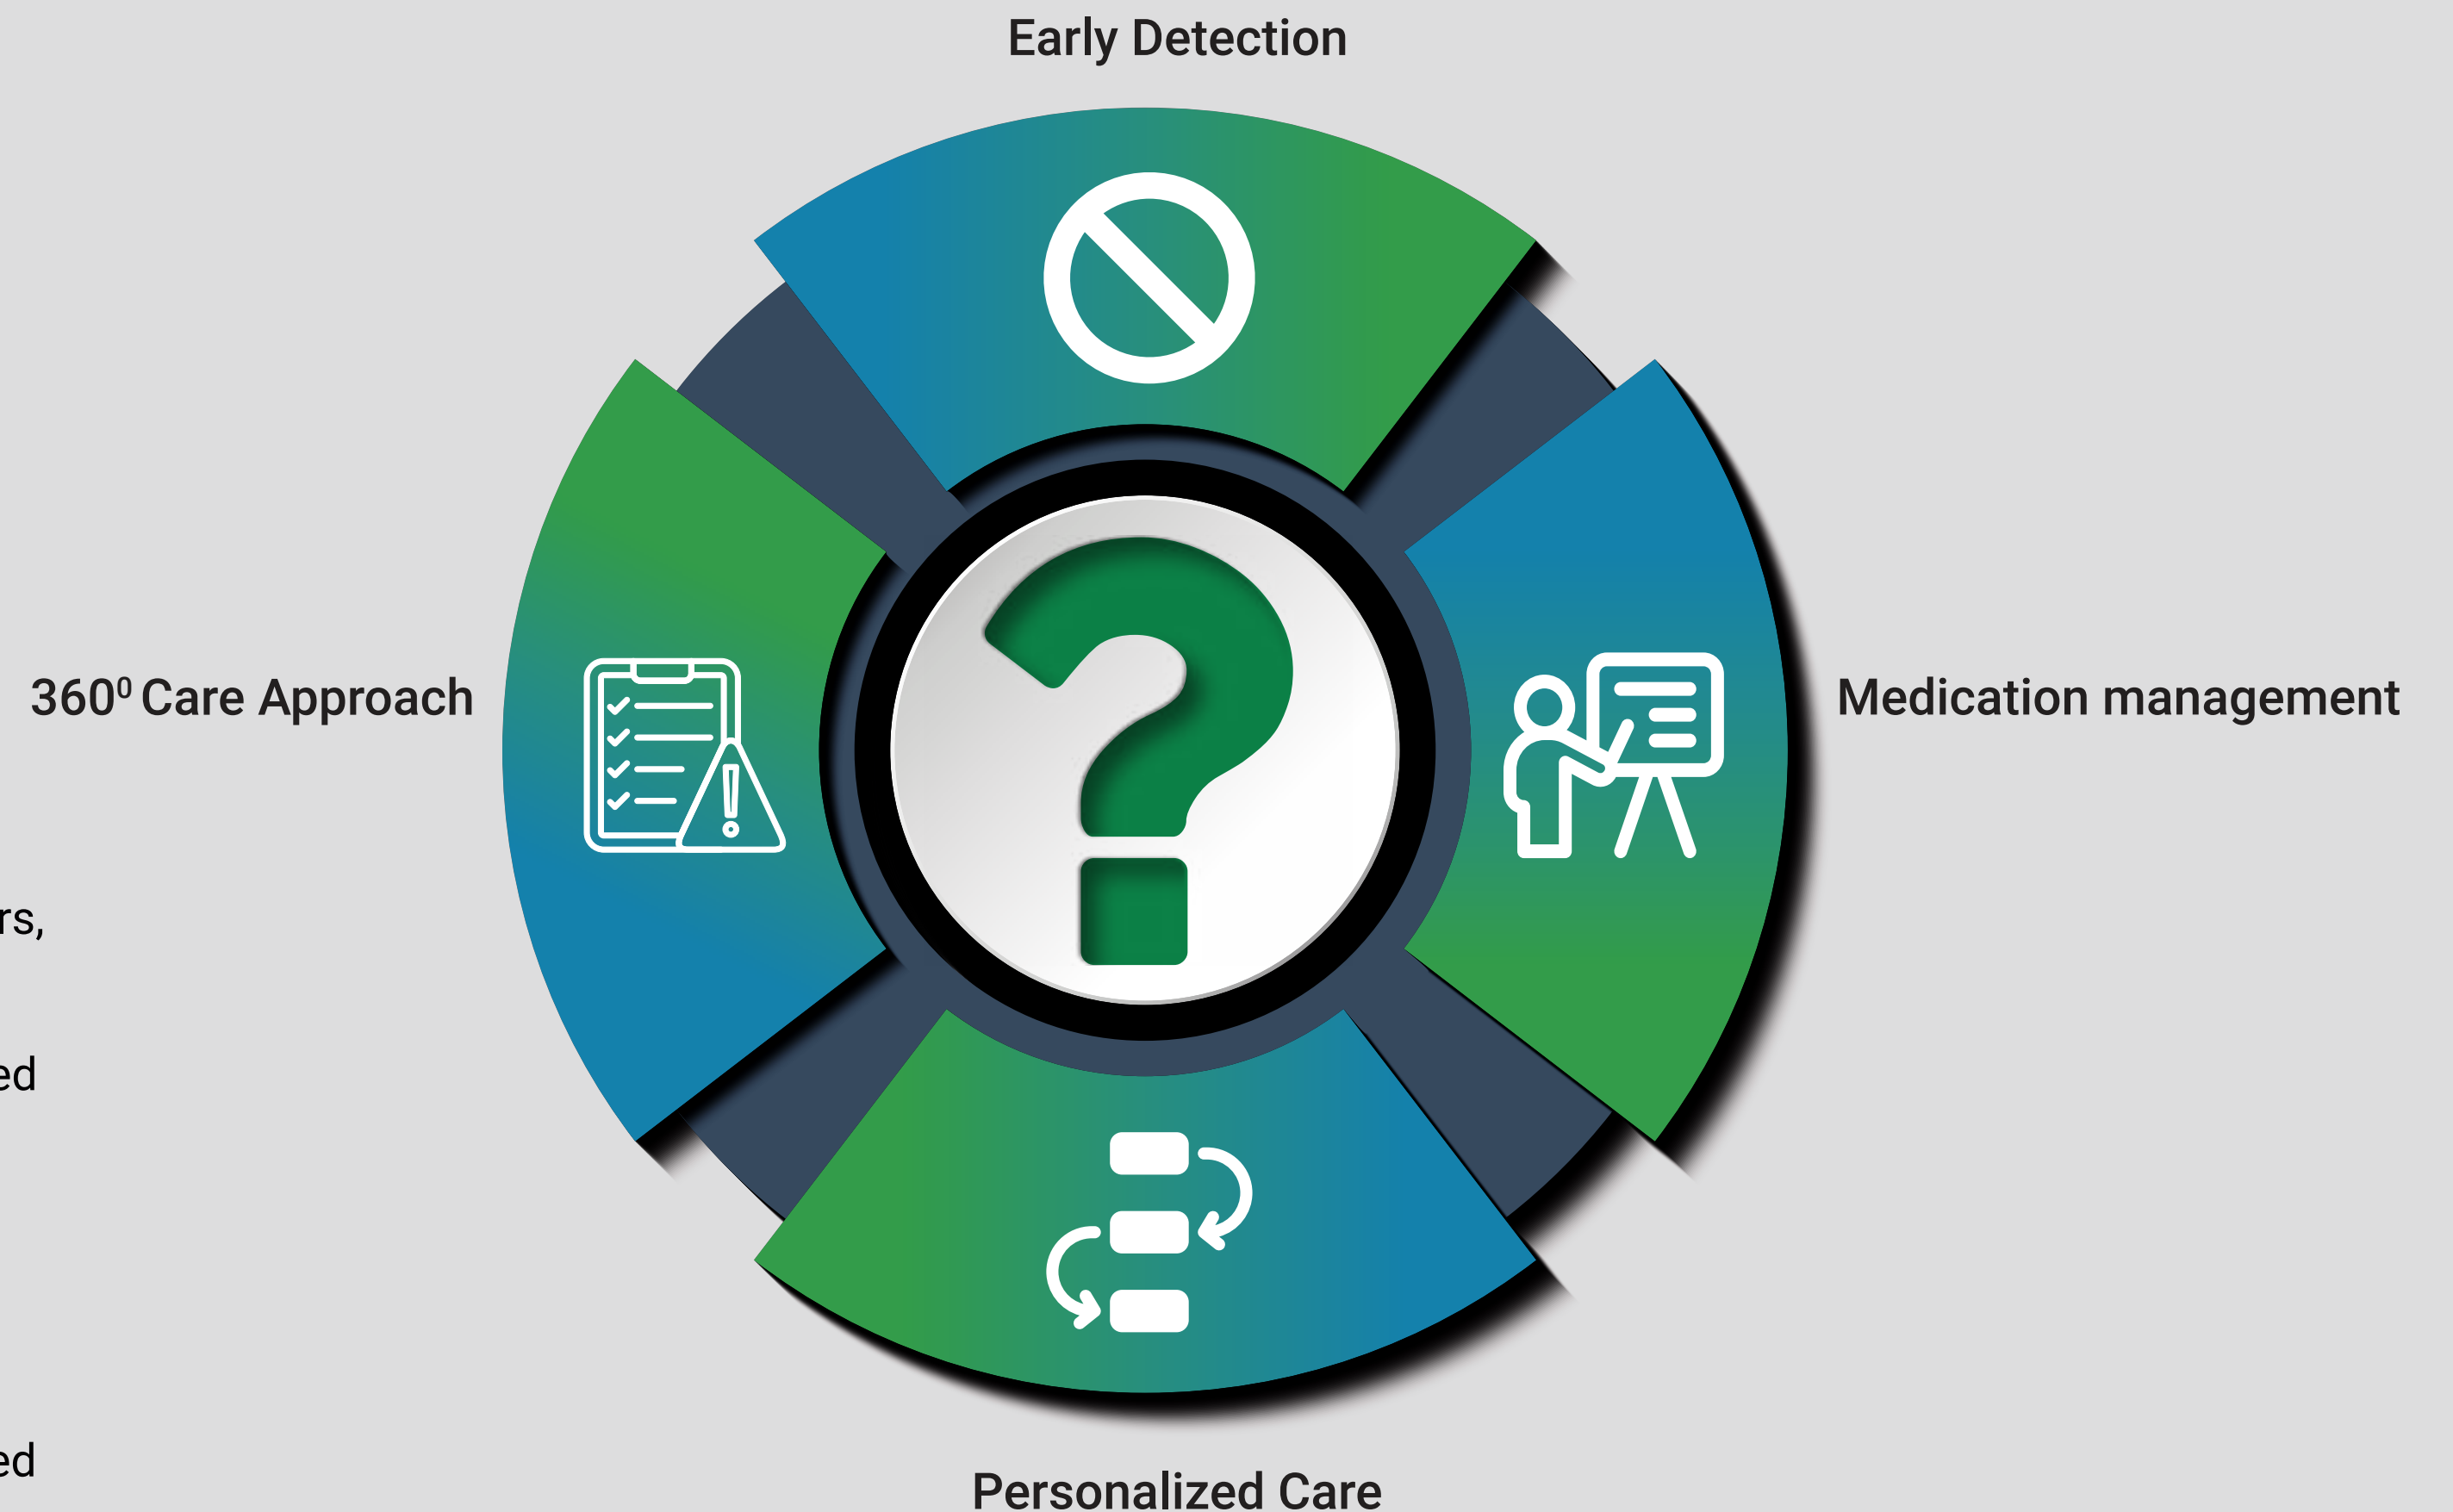

We provide personalized health coach, offering tailored guidance based on your unique medical history, lifestyle, and goals. Additionally, access to your medical data, enabling informed decisions, better coordination, and precise healthcare interventions.

360° care approach

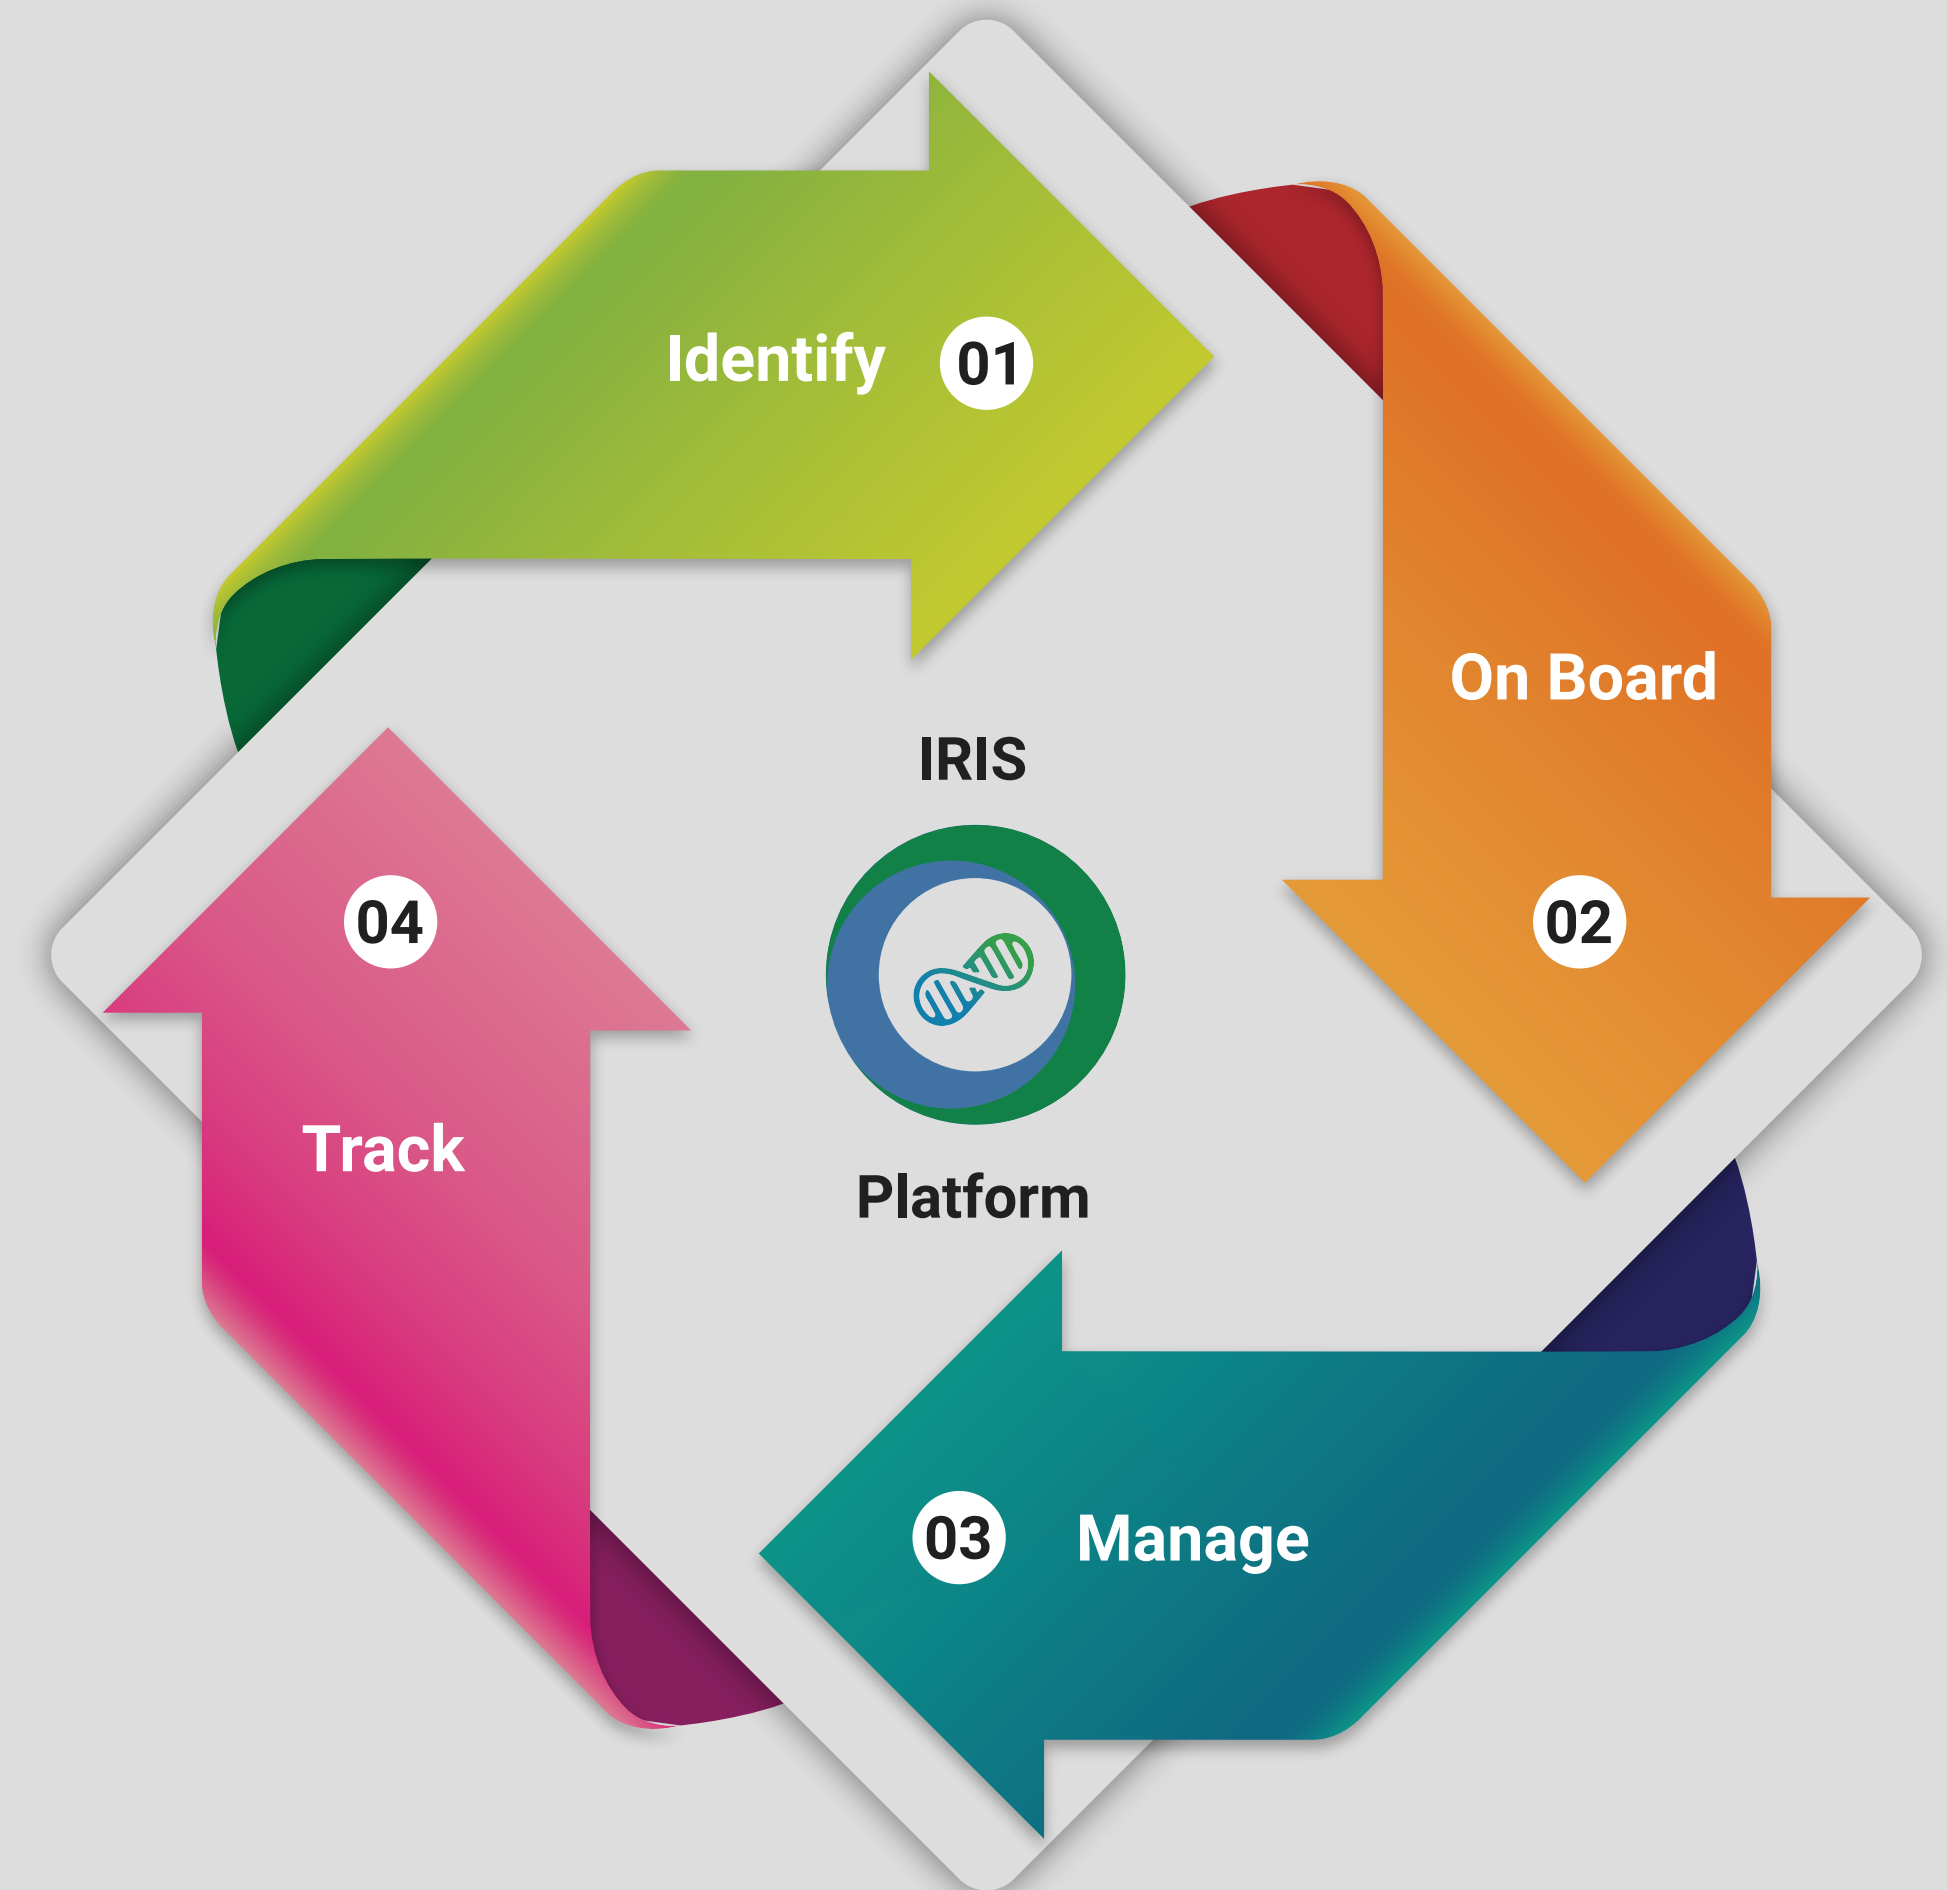

We provide services combining the expertise of general physicians, fitness trainers, psychologists, and nutritionists. Our holistic 360° approach promotes preventive care, timely intervention, and personalized wellness strategies, leading to improved health outcomes and overall well-being.

Medication management

Our well-structured curriculum, ensures accurate diagnosis, active support, and foster medication management, leads to improved health outcomes and enhanced patient well-being. Prevalence of chronic conditions and increased medication use will be effectively managed and streamlined with coordinated care.

- One Care Connect is a healthcare company providing services to the students, adults, and corporate professionals. It includes health screenings, wellness programs, and teleconsultation services. The company promotes personalized healthcare solutions, mental wellness, and preventive care to address medical concerns effectively.
- One Care Connect identifies patients' medical issues, onboards them to tailored programs, and manages their conditions based on individual needs. Our company ensures continuous tracking of patient journeys to enable early detection and timely interventions.
- Our mission is to make a meaningful difference in the lives of those we serve by delivering the highest standard of care during their healthcare journey.
